

2nd Announcement

The 23rd International Network Meeting for the Treatment of Psychosis 2018

**Tornio - Western Lapland, Finland
August 29th - September 2nd, 2018**

We welcome you to the 23rd International Network Meeting which takes place this year in Tornio, Finland. The Meeting is held in renovated Park Hotel in the center of Tornio.

The meeting welcomes teams, groups and individuals who at their work/life encounter people and networks during severe life crisis. We are welcoming people also to share their own experiences of care/treatment and encounters during challenging times in their lives. During last decades, one of the aims in these meetings has been to find forms of treatment and care for experiences that can be defined as “psychotic” crises. Focus has been in reducing the use of hospitalization and medication in treatment processes and systems.

During these days we will explore innovations and ideas people have about humanity and human crisis. In a spirit of social constructionism, the participants will create the themes for the workshops together during Wednesday evening. We embrace dialog, embodiment and reflecting processes to enable participants to connect with each other in a meaningful and creative way. But if you already have ideas for workshops and plenaries, please inform us beforehand so we can preplan some. Traditionally Saturday has been committed to studies and research so we welcome all suggestions for plenaries about this also.

This year Open Day has speakers from Finland and abroad. International trainer and consultant Rachel Waddingham from UK, clinical team from Tromsø, Norway and Professor Anders Lindseth have confirmed their participation. From Finland there are several speakers who will share their stance to dialogism and struggles in humanity: clinical team from Western Lapland Health Care District, Professor Jaakko Seikkula, Psychologist Tomi Bergström and Therapist and trainer Aino-Maija Rautkallio.

Pre Seminar

In August 29th we facilitate a one-day pre seminar for people who are interested about Open Dialog Approach. During this day we will talk about the historical context of the approach and principles and key elements that are guidelines for the practice. Maximum size for this group is 30 persons. Facilitators are Nurse Annika Sumen –Ylikitti, Psychiatrist and Family therapist Kari Valtanen and nurse and Family therapist Mia Kurtti.
